CAREER OBJECTIVE

Computer Science undergraduate with strong foundations in algorithms, data structures, object-oriented design, and complexity analysis. Experienced in building scalable backend systems using Java and Spring Boot, improving reliability through debugging and clean architecture. Interested in developing distributed and large-scale software systems.

EDUCATION

B.E. in Computer Science and Engineering (AI & ML), Chandigarh University 2023 – Present
CGPA: 8.24

Intermediate, D.N. Model Sr. Sec. School 2022 – 2023
Percentage: 84.0%

Matriculation, St. Joseph's Convent School 2020 – 2021
Percentage: 92.86%

SKILLS

Programming Languages	Java, C/C++, SQL
Computer Science	Algorithms, Data Structures, Object-Oriented Design, Complexity Analysis
Backend Development	Spring Boot, REST APIs, Scalable Systems, Multi-tier Architecture
Databases	MySQL, PostgreSQL, MongoDB
System Concepts	Distributed Systems (Basics), Fault-Tolerant Design, Performance Optimization
Engineering Practices	Clean Code, Debugging, Agile Development, Problem Solving
Tools	Git, Docker, Maven, Postman, Linux

PROJECTS

Dish-Dash (*Java, Spring Boot, MongoDB, AWS S3, Spring Security*) GitHub

- Designed scalable backend services with authentication and role-based access control.
- Built RESTful APIs enabling distributed data interactions between services and databases.
- Improved reliability using structured debugging, logging, and modular architecture.

Expense Tracker (*Spring Boot, JPA, PostgreSQL, Spring Security, Java Mail*) GitHub

- Developed backend services for financial transaction tracking using relational databases.
- Optimized SQL queries and ensured consistency across multi-user workloads.
- Applied layered architecture and object-oriented design for scalability.

Authify (*Spring Boot, Spring Security, JWT, MySQL, Docker*) GitHub

- Implemented JWT-based authentication and role-based access control.
- Integrated OTP verification to enhance authentication security.
- Containerized services using Docker for reliable deployment.

ACHIEVEMENTS

- Secured **TPP CR position** at Chandigarh University through competitive selection.
- Ranked in the **Top 19.3% globally on LeetCode**, demonstrating strong algorithmic problem-solving.

CERTIFICATIONS

Cisco Certified Network Security (77.25) — Introduction to Machine Learning (89.50)
